

# News from the Valley

**“Sawubona!”** This is the Zulu Greeting for hello and literally translated means “I see you”. Loving South Africa is taking this opportunity to thank you for seeing the widows and orphans in their times of distress in the Valley of 1000 Hills, Kwazulu Nata South Africa. Since we began in 2006, Loving South Africa has distributed over 1 million Rand to our partners in the Valley. You have made this possible!

## New Partner Update

In November 2007 LSA signed two exciting new partners. LSA’s Treatment Partner is **McCord Hospital** and LSA’s Testing Partner is **Lily of the Valley Clinic**.

### McCord Hospital

McCord Hospital described their new partnership with LSA as “an answer to prayer”. McCord subsidizes the monthly cost of Anti Retro Viral (ARV) drugs for over 600 children in their program but there is still R50 (\$7) that each patient needs to pay. This small amount is still unaffordable for many and so LSA has setup a fund to assist orphaned and vulnerable children receive the treatment they need to live a normal and happy life.

### Lily of the Valley Clinic

## November Mission Trip

David Helmer, Michael Brown, Tom Burch, Geoff Wybrow, Amber Bennett, JC Fralick & Bill Briley.

Seven people representing 6 different churches in Indianapolis travelled to Kwazulu Natal South Africa for 2 weeks in November 2007.

A notable quote from one of the team: “It’s like I’ve been pulled out of “The Matrix” and given a taste of what the reality and responsibility of living a devoted life to Christ really looks like. I’m unwilling to go back to that comfortable, false world, and I’m focused on bringing others along with me.”

## LSA Statistics

- ◇ *R1 million distributed to LSA Partners*
- ◇ *Reaching over 5000 people in the AIDS epicenter of the world*
- ◇ *3 mission trips*
- ◇ *3 local Indianapolis church partners*
- ◇ *Over 500 peoples hearts moved to give to LSA*
- ◇ *2 Grants applied for and won.*

## Valley Statistics

- ◇ *67% of the women in the Valley are HIV Positive*
- ◇ *\$7 per month provides ARV’s for a child*
- ◇
